## Curriculum for BEng in Computer Science

Two program sequences, namely Sequence A and Sequence B, are designed to take care of students admitted with different mathematics background. Sequence A is intended for students with AL Mathematics background, while Sequence B is for those without AL Mathematics background who are required to take an additional mathematics course.

## General Requirements

Students are required to complete the following general requirements for graduation in addition to program specific requirements:

## Notes:

(1) Students are required to complete and pass a prescribed training program within the normal length of study. Details of the program, its requirements and schedule will be announced on the website of the Industrial Training Center (http://www.ust.hk/itc) or website of the department in the first year Fall term. Training normally takes place in the Winter and Summer terms starting from the first year of study. For recording the overall training results, students are normally registered for the course in their last term of study.
(2) With prior approval from the COMP UG Coordinator, students may take MATH 2343 to fulfill the requirement of COMP 2711/COMP 2711H.
(3) COMP 1001, COMP 1002 and COMP 1003 cannot be used to count toward the COMP elective
 be at 4000 -level or higher. ELEC and MATH electives must be at 2000 -level or higher. Students on the COMP honors track may earn one extra credit through taking COMP 3711H in replacement of COMP 3711. Students who have earned a total of 3 extra credits through taking COMP 2971 (prior to 2012-13), COMP 3711H, COMP 3971 (prior to 2012-13) or COMP 4971 may reduce the COMP elective requirements by one course (three credits).
(4) All COMP and certain courses cannot be used to count toward the ENGG elective requirement. Students must check the departmental website at http://www.cse.ust.hk/ug/faq-registration/for the list of courses in concern.
(5) ENGG 4950 can be used to count toward the COMP, ENGG or FREE elective requirement.
(6) Certain courses cannot be used to count toward the SB\&M or FREE elective requirements. Students must check the departmental web site at http://www.cse.ust.hk/ug/faq-registration/ for the list of courses in concern.
(7) Students admitted through the School-based Admission Scheme are not required to take COMP 1900 in the Fall term of the first year.

A minimum of 101 credits is required for the BEng program in Computer Science.
