

(For all students in the Program)

Undergraduate Minor Program in China Studies

Except for those studying in the BSc program in Global China Studies: Humanities and Social Science, any undergraduate student with a CGA of 1.5 or above may enroll in the China Studies Minor Program. They must declare their intention to enroll in the minor program no earlier than the second regular term of their second year of study, but no later than the last day of the add/drop period in the first regular term of their final year of study. Students who wish to withdraw from the minor program should apply before the last day of the add/drop period in the second regular term of their final year of study.

The China Studies Minor Program is a cross-divisional program and its courses are grouped into four areas, namely (1) China and the World, (2) Economy and Politics, (3) History, Society and Culture, and (4) Hong Kong Studies. Students may specialize in a single area or take courses across different areas to match their interest.

Minor Requirements

To graduate with a minor in China Studies, the students must have enrolled in the minor program and complete a minimum total of 18 credits and all of its requirements, as well as all the requirements of their major program of study; and have attained an average grade point of at least 1.5 in courses taken in the minor program.

A maximum total of 6 credits completed successfully outside HKUST can be transferred to the Minor Program. Courses accepted for credit transfer must normally be at a level equivalent to 1000-level or above at HKUST.

Out of the total credits required by the minor program, at least 9 credits should be single-counted within the minor and are not used to fulfill any other requirements for graduation except the 120-credit degree requirement.

Courses used to fulfill the requirements of other minor programs offered by the School of Humanities and Social Science cannot be used to count toward the China Studies Minor Program.

Students may use no more than 6 credits earned from courses offered in pure online delivery mode to satisfy the graduation requirements of a degree program. This 6-credit limit does not apply to credits obtained through the credit transfer procedures of the University.
